"MURPHY MUST GO" IS THE CRY THAT ARISES IN THE CITY

Will Murphy Go is Another Question Yet to be Settled

Has Lost City and State, and Can Get Little Patronage as Tammany Leader.

New York, Nov. 6.—"Murphy must go" was the cry raised yesterday by independent democrats, who for many years have been disgusted with the leadership of the party in the city and state by Charles F. Murphy. "Murphy will go" was the reply of Murphy, who has been in the city since his defeat at the polls last year. Murphy says he has no intention of retiring. To force him out of the leadership would unquestionably be a long and tedious process. Murphy would be accomplished in time, but his grip probably must be loosened gradually.

Has Lost His Grip

Murphy is not in the good graces of the national administration. Whatever patronage there is within the grip of President Wilson will be kept from him. He has lost everything in the city. His grip on the state administration has been taken, and in another year he will be a state patronage without doubt will pass out of his hands.

O'Gorman May Succeed

There is much speculation as to who is to succeed Murphy as Tammany leader. The general impression is that John J. O'Gorman will be the man, but that he would never act in that capacity as Tweed, Kelly and Croker did, or as Murphy does. It was suggested that he would probably be recognized gradually by the state leaders as the man from whom they should get consideration from the national administration and through the power that he would yield, a man would be chosen to handle the New York part of the state organization.

Democratic System

Murphy is not elected chairman of the democratic county committee, or of the legislative committee, as is the plan for leadership in the city organization. Those places are held by figure-heads chosen by the "boss" and elected by his orders. The leaders take the orders of Murphy by common consent. When they decide to set up another leader it will not be by any formal vote. The next will probably come over some matter of policy.

Wilson Has Plans

It is understood in some quarters that President Wilson has had in mind the appointment of a man as chief of the port, who will come to be recognized as the spokesman of the party in matters political here. President Wilson it is said does not altogether favor the elevation of Senator O'Gorman to the state leadership because of his leaning toward Wall Street. It has been seen in the currency bill, however, there seems to be in sight no other person with the business experience and acquaintance among local democrats.

Non-political Mayor

John F. Mahoney has declared that as mayor he will not conduct his office along political lines. However, there are many things that he can do to give moral support to the reorganization of the party.

Dudley E. Malone has been suggested as Mr. Mahoney's successor as collector. He would work in harmony with Senator O'Gorman, his father-in-law, in shaping the future of the city organization. Someone suggested to

MONTANA SEUTH LOOKS FOR SCHMIDT WANTED FOR CRIME

Charged With Slaying Gladys Hughes at Miles City—Came North.

H. W. Toblin, a detective from Miles City, Montana, is in Edmonton looking for Ernest Schmidt, who is charged with the murder of Gladys Hughes. It was stated that Schmidt had made for the Canadian west, and a man who it is alleged answered the description of the accused was seen in the city some time ago and it is thought possible that he may have made tracks for the Peace River country. It is understood that Schmidt is an opium fiend and there is just possibility that he is concealed in an opium joint.

Mr. Mitchell yesterday that Mr. Malone had been mentioned as his successor. "I second the nomination," said the mayor-elect. "Would Malone make a good man to lead the fight against Tammany?" Mr. Mitchell was asked. "Malone could lead anything," he replied. "His demonstration of grit in the national administration has influenced the city election in any way and he was sure he had no desire to play national politics. As for the fact of his having no move to bring about the overthrow of Murphy and the reorganization of Tammany Hall, Mr. Mitchell said he had no doubt. "That can wait," he said. "I guess that will be the end of it."

It is more than likely that within a few weeks—certainly before the end of the year—another democratic who have been in the democratic league of Thomas M. Osborne and the empire state democracy here will form an organization to work for the reorganization of the local democracy. They have tried to start such a thing before, but have always been blocked for lack of money.

Murphy has control of the democratic emblem and place on the ballot. The only way the organization can be placed in any way is by a new general committee at the primary. To do this would take a large amount of money.

GERMAN WARSHIPS GO SOUTH.

Berlin, Nov. 6.—The newest German battleship, Kaiser and Königs Albert, and the cruiser Strassburg, have been ordered to leave early in December for the Mediterranean. The cruiser is said to be merely a "test voyage," but the warships, as the press reports, will be available for service on the Mexican coast if it should prove necessary.

H.B. MAKE MILLION CAPITAL RAISE.

London, Nov. 6.—The House's bill proposes to increase its capital to £1,000,000, consisting of £200,000 per cent, 45 preference shares, to be offered to existing ordinary shareholders.

TEMPORARY AGREEMENT WITH INTERURBAN RAIL

Old Arrangement Ultra Vires—Under New One Citizens Will be Carried for One Fare to Any Part of Cities—Transfers Will be Exchanged.

The public works committee and the representatives of the Edmonton Interurban railway finally agreed yesterday on a temporary agreement, which it passed by the city council tonight, will give the company the right to commence the construction of a temporary line at once to connect up with the city system. According to the terms of this temporary agreement, the company will only lay down the single track from their present terminus in Calder via Twenty-Seventh street to Alberta avenue, thence to Twenty-Fourth street, but will also operate it free, or in other words, without charge, to the passengers using the cars of the company after reaching the city limits and turning the same over to the city. The method of how these fares shall be collected, whether by the system of tickets same as in the city, or by some other method, will be left to the discretion of the city street railway committee.

The point that will interest the citizens most is that no extra fare will be charged between the company's terminus in Calder and the city limits, as has been contemplated in the present agreement, which, after another two-hour session of the public works committee this morning, was agreed in that it embodied a temporary agreement and a permanent agreement to be submitted to the people.

The company impressed on the committee the fact that the street railway is controlled by the city council at once, it would be impossible for the connecting line to be operated by the city. The mayor and Aldermen Lundy, Smith and Carter, constituting the committee, finally agreed that this point was correct, and decided to go back to the previous offer of the company, in which they expressed their willingness to build the necessary temporary single track to connect with the city and operate it until such time as a permanent agreement can be prepared and submitted to the burgesses.

WATERBURY WATER MAINS

Material is on Ground and Work Will Be Done Before Frost Sets In.

COST OF UNDERTAKING WILL NOT EXCEED \$10,000

The city commissioners have instructed the engineer to have preparation for the dredging of the river to accommodate the 24-inch water main now strung across the bed of the river, as well as another pipe of similar dimensions starting at the river mouth and H. Warren, her engineer, two of those most seriously injured, had not recovered sufficiently to permit them to give evidence, and if possible they will be heard today. Yesterday afternoon the evidence of the local C. P. E. officials was taken, and the official report of the company presented. In the report no cause for the wreck was suggested, but on the stand yesterday afternoon both Superintendent McFarquhar and Trainmaster Haddock were almost certain that someone must have tampered with the switch between 2:30 o'clock that morning, and the time of the wreck.

At 2:30 a westbound freight used the switch, and the rear-end brakeman swore positively that the switch was O.K. then, and that he securely locked it. After the wreck the lock could not be found, and the engine was opened last night into the death of Danes, who died as a result of injuries he sustained.

NABBED WHILE GOING TO HIS DYING MOTHER

Hamilton, Nov. 6.—Stephen Delatite who was on his way to the station to catch a boat sailing for Italy in order to reach the bedside of his dying mother, was arrested on a charge of theft. He was acquitted in police court yesterday on a charge of carrying a 36-inch knife.

TWO MAY DIE FROM COAL GAS

London, Ont. Nov. 6.—Mrs. James Brier and her daughter, Grace, of Westminster, Canada, are in such a critical condition from the effects of coal gas that they may not recover. Both were found unconscious today.

BOARD OF TRADE OBJECTS TO DIRECTORY CONTENTS

Thinkers It Should Not Be Made an Advertising Medium.

Evidently the new directory recently issued by the telephone department does not appeal to the board of trade as an advertising medium. The board has written to the commissioners pointing out some defects. In the first place exception is taken to the telephone department's advertising matter, thus making it more difficult to submit to the public the number and the name of the party they wish to call.

The board also took exception to the inclusion of the book as also commented on and the suggestion thrown out by the telephone department that it be made an advertising medium, but arranged in simple form for the benefit of the subscribers. The letter closes with a request that the commissioners state whether or not the telephone department gets the benefit of the revenue derived from the advertising contained in the directory. The commissioners referred the letter to the superintendent of the telephone department for a report.

HALF MILLION DOLLAR ARMY TO BE ERECTED

Tenders Have Been Called by Dominion Government for Building.

MILITARY HEADQUARTERS TO RESEMBLE WINNIPEG'S

Destruction of Old Building Hastens Action of Department—Will Be Thoroughly Modern.

As was forecasted in the Capital the day following the burning of the old army and militia barracks, tenders have now actually been called for the erection of a thoroughly modern army which it is expected will cost well over half a million dollars by the time the structure is complete.

The new military headquarters of Edmonton is to follow the style of the Winnipeg army in its main features, in fact it is expected by the military men of the city that their new regimental home will be practically a duplicate of that city's handsome drill hall.

There is no destruction of a week ago the prospects and plans for a new army in Edmonton were more a subject of speculation and hope than of certainty and early realization; but the fire to that extent has become a blessing in disguise. The authorities at Ottawa have taken the homelike condition of the Edmonton regiments into consideration and hastened the call for tenders.

THREE MONTHS IN JAIL IS RING'S SENTENCE

Because of Provocation and an Account of Family Light Sentence Imposed.

A large crowd gathered in the criminal court yesterday afternoon to hear the verdict in the case of the young, vicious Peter Ring, who was convicted of having occasioned serious bodily harm to Roland Matzner by striking him on the head with a revolver.

For several years Ring was a citizen of Birchtown, and many from the south side who knew him personally testified to his good and peaceful conduct in former years. Mr. Robertson, the accused's counsel, made a brilliant speech in pleading for his client. He based on the different phases of the question and tried to establish the fact that the injuries done by him were of a defensive nature. The reputation borne by Ring would not even allow him to think he intended to do bodily harm.

The judge, however, in giving the verdict, said that because of the fact that Ring occasioned—whether intended or not—bodily harm, he must sentence him to a term of imprisonment, but because of the provocation, and also of his family, he would give him only three months' imprisonment.

IMPROPER DEALINGS IN MARCONI SHARES

London, Nov. 6.—After further consideration the stock exchange committee yesterday came to a definite decision concerning the alleged improper dealings in American Marconis. This is subject to confirmation at next Monday's meeting and it is expected the decision is confirmed. Official announcement will be made on Tuesday. It is freely said yesterday's decision involved several members and included exceptionally severe penalties.

OUTFIT FOUND; MEN MISSING

Winnipeg, Nov. 6.—Entangled in the bushes of a huge marsh at Sandy point, about a point 20 or 30 miles from Winnipeg, Beach, was found a boat containing several hundred dollars' worth of dry goods, belonging to a trader named Louis Rittberg and his Indian guide, Tom Foster. A pair of blankets and an overcoat were also found, but no trace of the men who owned the outfit could be secured. The boat was found on Wednesday of last week and to date the men have not been found.

MANY COMPANIES ARE INCORPORATED

Alberta Gazette Contains Large List of Concerns Authorized to Do Business.

The outstanding feature of the first issue of the Alberta Gazette since the coming of the house is the list of new companies which received their charters during the last session. This increased activity in company promotion is mainly attributable to the new oil findings, especially in the Okotoks district, and to the revival of industrial activity throughout the province.

The following are the names of the companies which were chartered by the provincial assembly this year. The following is a partial list of the new important companies whose incorporation has not already been published:

EVA WILLIS IS FREE OF MURDER CHARGE AT 'DEG.

People's Execution on Same Charge is Deferred Until December.

Winnipeg, Nov. 6.—Mrs. Eva Willis, nee of the charge of murdering her infant daughter, Ethel Victoria, this afternoon after the jury had returned a verdict of guilty. Mrs. Willis took the verdict very calmly but looked greatly relieved of the strain she had borne for the past 35 months. She was immediately discharged. The action was taken up with the judge, and the address of counsel to the jury.

Victor Pope is now under sentence of death for the murder of the infant but the execution was deferred by the minister of justice until December to allow for the trial of Mrs. Willis.

Y.M.C.A. DEBATE ON HEREDITY AND ENVIRONMENT

Interesting Discussion Last Night—Vote of Thanks for Magnificent Cup.

Again about 40 people assembled in the "P" parlour to hear the second debate of the first series on the old familiar subject, "Resolved that heredity has a greater influence on the individual than environment." Mr. Trickey's team, scored by the defeat last week, rallied nobly and carried off the plum by the heat and thorough speeches of Messrs. Porter, of Victoria High school, student and Frank Baucher, of the stores and works department. Mr. Thompson's team was represented by Messrs. Wilson and Macleod, barristers, and Fitzgerald, a law student.

The affirmative relied chiefly on the heredity of the various families, pointing out that in the majority of cases the general trend of the family, tree was of the same color and in some regrettable cases quite a shady tree.

The negative pressed the fact of a man being a beggar was not due to the fact that his father was one, but that he happened to be thrown in with a society that urged him to be one. A man did not become insane because his parentage was weak-minded, but because the particular circumstances caused him to lose his mental balance.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

Sixteen ounces of cough syrup—no much as you could buy for \$2.00—easily will make at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it in less than 24 hours. Excellent, too, for croup, whooping cough, colds, laryngitis, hoarseness and other throat troubles.

Take two cups of granulated sugar with one cup of warm water, and stir for two minutes. Put 2½ ounces of Pinex (tiny drops) in a 16-ounce bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The effect of pine and sugar syrup on the inflamed membrane is well known. Pinex is the most valuable concentrated ingredient of Norway white pine extract, rich in quinine. All the natural healing pine elements. Other preparations now used are thousands of miles away from the United States and Canada. The pine has been isolated, but the old successful formula has never been equalled.

A guarantee of absolute satisfaction or money refunded. Write for the recipe. Your druggist has Pinex, or will get it for you. If not, send to "The Pinex Co., Toronto, Ont."

own flesh and blood. In order to prove the truth of their charges Stead and Booth commissioned a man to go to the States and convert, to buy a girl. This man, who was called "the agent," told the girls, and the price, a thirteen-year-old girl, was turned over to them. Then the authorities that had closed their ears to the clamor of the Gazette acted promptly. They sent the girl to the States, and below a charter train with abduction. The girl was sent down for a year, Stead for three months, and Booth was acquitted. However, the conscience of the nation had been aroused and the House of Commons passed a bill that made it a crime to consent to the sale of a girl under the age of sixteen from twelve to sixteen years. It is only fair to say that the House of Lords had joined under this reform, and that it was the Lower House that blocked it until breaking

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Get a 25 cent bottle and try a "Danderine Hair Cleanse."

After washing your hair with soap always apply a little Danderine to the scalp to lubricate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just rub a dab with Danderine on the scalp and draw it carefully through your hair, taking one strand at a time. This will remove dirt, dandruff and excess oil. A few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant.

And possess an incomparable softness and lustre.

Besides cleaning and beautifying the hair, the use of Danderine dissolves every particle of dandruff, stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and hair-producing properties cause the hair to grow long, strong and beautiful.

Most Ladies! You can surely have lots of charming hair. Get a 25-cent bottle of Danderine from any drug store or toilet counter and try it.

FEATURES AT THE PANTAGES THEATRE FOR NEXT WEEK

Eight Forest Bred Lions Handled by Dauntless Animal Trainer.

In the feature position at Pantages theatre for next week is one of the most dauntless animal trainers in the world today, Peter Taylor, who handles eight forest bred lions in a huge steel cage. The act has everywhere been a sensation filled with excitement and of the nature that causes red chills to creep up and down one's back while watching the fearless trainer at work. The lions are every one forest bred animals and produce a great deal of training to teach them to even allow a man to enter their cage. Taylor stands at the top of his profession as an educator of the beasts, and his intrepid performance has been heralded as nothing short of marvellous. He enters the cage of the animals without a gun of any kind although his assistants stand ready with red hot irons and drawn revolvers to prevent any unforeseen accident occurring. The big beasts are made to go through a most dandified performance. "Lion" is the correct word to use, for they do not readily comply with the commands that their trainer gives them and it is sometimes necessary to force them to do the tricks, and snarl and growl. The act is easily worthy of the central position on any bill and is a meritorious offering for the patrons of the house.

Island "Cater" and Co. present a laughable little side act called "Vacation boys" dealing with a comic twist on a term. It is filled with quaint situations and homely humor that have made it a big favorite wherever presented.

A chic young lass, Hetty Urm, will entertain her listeners with her talented impersonations of the opposite sex, while The Tony Cornetta, Trio, three clever entertainers, will give us a variety of songs and dances and a dancing act of more than ordinary beauty. The Great "Charmless" Trio, equitubists, have a novel and startling offering.

"THE BONDSMAN" AT THE EMPRESS

Remarkable Production Contains Authentic Costumes and Curtain Effects.

"The Bondsman" which is the first release of the Domino Film company and presented at the Empress yesterday is a remarkable story picture production. It contains a strong and dramatic story of Puritan days. The costumes and scenic effects are authentic and the acting is all that could be desired.

The management of the Empress announced yesterday that on every Monday, Tuesday and Friday there will be exhibited at the matinee and evening performances, six still pictures which will be imported direct from Paris in which will be shown the latest fashion costumes by the master designers of the world. These pictures are reproduced in natural colors and are described as to the material and how the beautiful gowns are mounted upon the screen.

This inauguration is something new in this city and also something that will be of intense interest to the women patrons of the theatre as they will now see for the first time everything that is new in the way of dress and costume as soon as they have been designed in the European country. The management will commence this new feature on Monday next.

The management also announced yesterday that they would still strip the seats of cloth that would be good for admission at either the Bijou or the Empire theatres and that they may be had at the box office for one cent per seat. These tickets will cost \$1 per strip.

JOHN E. CONROY AND HIS CAT AT EMPIRE THEATRE

Will Be Most Noteworthy Part of Orpheum Vaudeville Next Week.

Announcers at the Empire theatre the first half of next week will announce as the headline attraction John E. Conroy and his diving girls as the most noteworthy part of the program. Mr. Conroy has a record of having saved 137 lives as a member of the United States marine service last year. In vaudeville, Mr. Conroy is offering a potent living act for the elaborate lighting and scenic effects quite surpasses anything of its kind now being presented in vaudeville.

Ed Gallagher is well known for his "Battle of the Rain" and other skits. His picture good-natured fun at odds in general and brothers of the canteen with an exaggerated ego. In particular, Gallagher's latest satire is known as a marvellous travesty and bears the descriptive title of "Before The Mast." Gallagher and Bob Carlin are presenting it.

Best Levy is known far and wide as the best comedian in vaudeville. In fact, there is not another performer in vaudeville at the present time who exhibits so much versatility in 15 minutes as Levy. He is a comedian as well as a cartoonist, and does one as pleasantly as the other. Sonette will be seen there as one of the most elite female comedians. She ever stepped before the local music-loving public. She is coming back to the Empire the first half of next week.

There are several things that distinguish the songs which Lloyd, of the best of Whitehouse writers. In the first place, his melodies are whistled, thus sending having a pathetic strain to the hearts of his hearers. In a travesty on a grand opera, this picture evolves no end of amusement in a legitimate manner. Marie and Frances are two young designers who have entered a new field of amusement for songwriters. Their songs and patter are fresh, while their dancing is exceedingly pleasing to the eye. Madeline and Mabel complete the bill, one as a stock wife and the other on the faint view.

AT THE MONARCH.

The patrons of the Monarch theatre will be glad to know that their favorite, Miss Florence Lawrence, is to be seen there today in a play-play depicting life in the wilds of Tennessee. This is a most interesting section of country, where people are moved by strong passions and primitive instincts and have had away, where associates are either friends or enemies. There is no half-way ground among these simple, straightforward people, who incapable of deceit themselves, will tolerate no deceitfulness in those with whom they come in contact.

Miss Lawrence very realistically portrays the part of a girl brought up amidst these wild surroundings—first as an immature, headstrong girl, in whom the elemental emotions of love and hate blaze forth. Love is the keynote of the story of "The Girl of the Woods"—it permeates the whole with a sweetening air that softens all the brutal struggling and luxury. Later as the story is unfolded, Miss Lawrence portrays the woman who has awakened to the higher meaning of the words "love" and "charity." In "The Girl of the Woods" Miss Lawrence has a part which gives her ample opportunity to display all her varied grace and dramatic virtues that have, in the past, placed her high in the hearts and affections of thousands of people. She is splendid.

REALISTIC THEATRE FIRE
AT THE ROYAL "MOVIE"

Interesting Reproduction of a Destructive Conflagration at a Play House.

A wonderful reproduction of a theatre fire, one of the features of the Royal Theatre program for today. This picture is a scene of the three red pathfinders, entitled "The Story of Life" which is a story of the struggles, misadventures and love of a grand opera singer.

The picture is a pleasing one throughout, the entire three reels, its splendid scenic settings, the acting and wonderful photography, combined with the interesting story, make it an exceptional offering.

The cartoonist, who will be a feature of the Orpheum vaudeville bill at the Empire theatre the first half of next week.

MARGARET ANGLIN.

DICK WHITTINGTON AND HIS CAT AT BIJOU THEATRE

Famous Photoplay and "The Riot" Delight Large Audiences.

Yesterday's show at the Bijou proved about the biggest sensation that has been seen at the first street house for some time. There was "Dick Whittington and His Cat," that gave amusement and entertainment to all and the Keystone Comedy, "The Riot," convulsed them all with laughter. Apart from these two unusual features, George Hammond had a new list of songs that brought forth rounds of applause.

The story of Dick Whittington was pronounced by many to be a marvellous production, especially the scene of the burning of the ship. The story is a fascinating one and appealed strongly to the audience. At the matinee performance there were a great many ladies and children present, and they all manifested a keen interest in the offering.

Starting on Monday the Bijou will offer for sale stars, tickets at a reduced price, and these can be used at either the Bijou or the Empress. There will be eight tickets in one strip, and the price will be \$1.

The comedy film yesterday was about the funniest seen in this city for a long time. There are many ridiculous situations that caused one to laugh the audience was fairly convulsed.

The picture's house got excited and ran away Thursday morning. No serious harm was done, except by Mrs. M. Moseley, who got away with a diamond.

G. C. Lawrence has forced swindlers in Amman, to return \$25,000 secured from him in a false hand deal.

LICENSE NO. 1 TO THE ORPHEUM JASPER AVE. E.

Edward Sephton, Also of the Orpheum, Gets First Operator License

The Orpheum theatre, Jasper East, yesterday received license No. 1 under the new theatre act, which runs from the 21st of December, 1913, to the 21st of December, 1914. The price paid for this license is \$37.50.

Mr. Edward Sephton, operator, also of the Orpheum theatre, received license No. 1 for operators, for which he paid \$25.00. The license for a full year for a seating capacity of 500 or less is \$100.00, but the theatres are compelled to pay one quarter of this amount for the two months remaining this year. Other theatres with a seating capacity of over 500 pay \$200 upward.

The license for twelve months for an operator is \$100, but they were also compelled to pay one quarter of the amount for the two months remaining in this year. Copy of the first license ever issued in this country under the new theatre act.

THIS THEATRE'S ACT
This is to certify that the Orpheum theatre of the city of Edmonton is hereby licensed under the theatre act to carry on a cinematograph or moving picture show in the Orpheum theatre situated at 12 Jasper avenue. This license shall expire at midnight on the 31st day of December, 1913. Dated 10 November, 1913. J. C. THOWHIDGE, Deputy Provincial Secretary.

DRAMATIC TALE UNFOLDED TODAY AT THE MONARCH

Miss Florence Lawrence, Already a Favorite, Will Be Seen in Beautiful Film.

Miss Florence Lawrence will appear at the Monarch today in the second photoplay since her re-entering the motion picture field. Miss Lawrence, who is a great favorite with the patrons of the Monarch will display her new and unusual class of play, "The Girl of the Woods" in which she is simply delightful. One has never conceived a more delightful image than she is here—first as the bare-footed, scrawny youngster with the primitive emotions of love and hate always to the front, and then as the blooming woman who has awakened to the meaning of the words "love" and "charity." The story is full of dramatic climaxes in its powers of suspense, and is even superior, if such a thing were possible, to the first performance of Miss Lawrence in "The Closed Door."

After a thorough investigation the superintendent of telegraphs of the Atchafalaya, Tuleka & Santa Fe railroad has decided against the adoption of wireless telegraphy for train dispatching.

placed."

"Four branches have been formed in
the country and at the present time
we have enrolled 1,000. We have also
received information from outlying dis-
tricts through letters that leagues will
come into existence at once. Already
Manitoba is organized and British Col-
umbia, Saskatchewan and Alberta will
be organized without delay."

"Nova Scotia, New Brunswick and
Newfoundland will also be organized
in order to demonstrate to the British
people that Canada is misrepresented
when any person claims that she is in
favor of granting home rule to Ireland.
The following are the officers: Honora-
ble president, L. Col. J. H. Scott; pre-
sident, Mr. Fred Lane; vice-president,
Mr. Wm. Crawford; Mr. W. H. Harper,
Mr. J. M. Johnston, treasurer; Mr. Thos.
W. Best, secretary; Mr. H. Jackson and
an executive committee of 11, which
forms the executive of the central as-
sociation."

"Members subscribe to the following
declaration:

"I hereby express my desire to be-
come a member of Canadian Unionist
league and do pledge myself to support
Ireland in her desire to remain
within the British empire, and I hereby
authorize the secretary to sign my
name on the membership roll."
"On the margin of the membership
card is printed a union jack and the
motto 'Ulster flag is our flag.'"

Nerves Were So Bad

THOUGHT SHE WOULD
GO OUT OF HER MIND.

Diseases of the nervous system are very
common. All the organs of the body
may be sound while the nerve centres
may be affected.

Many women become run down and
worn out by household cares and duties
never ending, and sooner or later find
themselves with the nerves shattered,
and the heart action weakened.

On the first sign of any weakness of
either the heart or nerves, flagging
energy or physical breakdown, do not
wait until your case becomes hopeless.

Milburn's Heart and Nerve Pills will
at once quiet the nerves, strengthen
the heart and build up the entire system.

Mrs. Archie Goodine, Tilley, N.B.,
writes: "When I was troubled with
my heart two years ago, I was very bad.
My nerves were so unstraining that some-
times I would almost go out of my mind.
I doctored myself with everything I
could get, until at last I got four boxes
of Milburn's Heart and Nerve Pills,
and they have cured me. I cannot speak
too highly of this wonderful remedy,
and will recommend it to all sufferers."
Price, 50 cents per box, or 3 boxes
for \$1.25, at all dealers, or mailed direct
on receipt of price by The T. Milburn
Co., Limited, Toronto, Ont.

POPS!

If you were told of a new
discovery for the treatment of
coughs, colds and bronchitis,
as certain in its action on all
chest troubles as anti-toxin is
on diphtheria, or vaccination on
small-pox, wouldn't you feel
like giving a trial? Especially
if you could try it for fifty cents!

Pops is the discovery!
Peppermint tablets, really wrap-
ped in air and grape-leaf silver foil.
They contain certain medicinal ingre-
dients, which, when placed upon the
tongue, immediately turn into vapor,
and are at once breathed down the air
passages to the lungs. On their journey,
they soothe the inflamed and irritated
membranes of the bronchial tubes, the
delicate walls of the air passages, and
finally enter and carry relief and healing
to the capillaries and tiny air sacs in the
lungs.

In a word, while no liquid or solid
can get to the lungs and air passages,
these Pops films get there direct, and
at once commence their work of healing.
Pops are entirely distinct from the
old-fashioned liquid cough cures, which
are merely swallowed into the stomach,
and never reach the lungs. Pops treat-
ment of coughs and colds is direct treat-
ment.

If you have not yet tried Pops, cut
out this article, write across it
the name and city of this paper,
and mail it (with 10c stamp to
pay return postage) to
Toronto. A free trial packet
will then be sent you.
All druggists and
stores sell Pops at
50c. box.

CORNER'S JURY

INVESTIGATES THE
RAILWAY WRECK

All Injured Persons Were Ex-
amined and Then Evi-
dence Taken.

ONE OF DEAD MEN PAID
NO FARE; FIX CONDUCTOR

Railway Will Be Asked for Full
List of Passengers on
Wrecked Train.

Montreal, Nov. 6.—The
corner's jury to inquire into the death
of Lillian Pettibone, of Waterman,
who was killed in the wreck of No. 4
on Monday, met yesterday morning
again. All of the injured who were
taken to the hospital were examined,
the hearing lasting until noon. The
evidence of R. St. Helaire, of Gull
Lake, brought out the fact that the
freight train was backed away from
the wreck. This is directly contra-
dictory to the evidence of the C.P.R.
trainmen. Mr. St. Helaire stated that
the freight backed away from where
the collision occurred within 20 mi-
nutes of the wreck.

Another point brought out in the
testimony of Henry Pope, of Van-
couver, was that he and the dead man,
Dan Brooks, were travelling without a
ticket, having first the conductor.
Pope said he had paid nothing, and
understood that Brooks, who was an
old trainman, had paid for the ticket.
He stated that ticket checks were
given to both of them, but he lost his
but with his check in the wreck.

Corner Brown will ask the C.P.R.
for a full list of passengers on the
wrecked number four, as he stated
the C.P.R. had moved the train, and
the body of the Waterman girl with-
out his consent, so therefore could not
find any evidence yet secured whether
there were not many more injured and
persons killed as he or his badly dam-
aged, was well along with passengers,
who had left the city.

SKATING BRINGS OUT MANY AT MACKERNAN'S LAKE

Popular Winter Resort May Be Drain-
ed and Sold as Lots—Would
Be Great Loss.

Several afternoon and evenings
this week Mackernan's lake, South
Edmonton, was covered over with
skaters. This lake has been used for
skating purposes for many years by
the citizens of Strathcona and Edmon-
ton.

During the last few days the own-
ers of that subdivision have been
speaking of draining the lake and
thereby making it fit for sale in lots.
If this should be done many of the
citizens of Edmonton feel it a great
pleasure resort would be taken from
them. Some of them think that the
city should approach the owners of
that property which includes the lake
and try to purchase it for the benefit
of Edmonton and its citizens. The lake
is only three blocks south of Whyte
avenue and Fifth street and would be
sufficiently central to make a good
pleasure resort.

MANY JOBS FOR NEW MANAGERS FOR COMING YEAR

What the Coming Year Looks Like in the W.C.L.

Calgary, Nov. 6.—Who will be the managers in the Western Canada League next year? There was a lot of talk over this matter at Moose Jaw on Monday and it is generally conceded that there will be several changes next season, no manager was prepared to make any definite statement.

The Calgary club will or may not change hands. However, it is practically certain that there will be a new leader here, also a new manager. Edmonton and Regina will also have new managers and a change at Saskatoon is likely. The Western Canada League will be the probable leader of the Hatters next year. Lou Christie, former West end all star, will be another year immediately after the past season closed. He is well satisfied with West's work and management. The Hatters of last year will also be back. There will be about four new faces out of the 14 men.

Hurley is not altogether satisfactory to the Saskatoon fans, and it is likely that the eastern man will take his place at the head of the Quakers.

Deacon White will also act as an advisory manager. He has been previously, either Jay Streib or Larry Piper will lead the Regina club. Larry has been anxious to get a managerial berth for some time, while Streib is already experienced in that branch of the game. Deacon White will be in last year and he is almost sure to be retained.

BASKETBALL POOR CHAUFFEUR
Cleveland, Nov. 6.—George H. Duskett, outfielder of the Philadelphia National team, ran into a car and injured J. Morris, 12 years old, recently while driving his automobile through a crowded street in front of the department store where the boy was employed. The boy's skull was fractured, and doctors say he could lose his right eye. Police reported that Duskett was not blame for the accident but later he was taken to police headquarters and held on a charge of violating the speed ordinance.

HOCKEYS ON WAY WEST

REVEREND BOB PERKINSON TO OFFICIATE AT REGINA GAME

A Special Car Leaves From Edmonton Tonight With Team and Supporters

Regina, Nov. 6.—Rev. Robert Perkins, of Moose Jaw, will be the officiating minister for the Regina-Edmonton Rugby game on Saturday. Perkins is showing great form in practice and hockey is confidently expected.

The officials have been appointed and tonight or early tomorrow morning the team and a few supporters will leave for Regina to do battle with Fred Ritter's braves in the first round for the Western Canada Rugby championship.

Reports from the Queen city indicate that the team there is stronger than last season and that it will be difficult, once it has been beaten, to get the Alberta title and expect that they will do the same to the Saskatchewan champions as they did to the Regina team. They are prepared to try their hardest and if defeated it will not be because of any lack of effort on their part.

Since their game with Calgary on Saturday the team has been practicing faithfully. Every game has brought to them some weakness and every practice has something to teach them.
